About

The Basic Academy of International Studies offers opportunities for students to develop the knowledge, attitudes and skills they need in order to manage the intricacy of the curriculum and take responsible action for the future. Context of their learning experiences are connected to their lives and the world that they have experienced with a foundation for independent learning and application of skills and knowledge to unfamiliar contexts. Students will explore what it means to be internationally-minded and develop a sense of community and commitment to service. Through this advanced curriculum, students will also discover the cultural values of civilizations to promote international understanding.
