About

Eldorado HS is excited to offer the Academy of Video Game Technology and Web Design. The rich tradition of rigorous academics and sound extra-curricular activities at Eldorado provide students an incredible framework for learning and achievement. Our school is dedicated to providing a safe learning environment that promotes academic excellence, character development, and responsible citizenry.

Special Features

- EHS is the only magnet/CTA school that has the Oculus Rift, ASUS G11 CD high performance gaming PC which has the GTX 980 VR graphics processor unit, and 27" 4K monitor.
- eSports Competition: Students will compete with local, regional, national, and international gaming teams. EHS is the only school that recognizes eSports as a team sport and eligible students will earn an academic letter.
- Houses include an Honors Academy.
- Parents and students participated in college scholarship and financial aid nights.
- Virtual Labs were created to provide students with credit retrieval opportunities during and after the school day.
- Academic Intervention programs included math/science/English camps, Contract Study and after-school tutoring.
- Students actively participated in the elective course selection process to meet their interests and needs.
- EHS graduation rate has increased over 11% over the 2015-2016 school year.
