About

Silverado is a college preparatory high school that received accreditation through High School of Business (HSB). As a HSB certified school, students will experience a project and problem-based learning environment in classes such as Management, Marketing, and Finance. Students can also enroll in various Information Technology classes such as Computer Science, Networking, and Web Design among others. Silverado also has a Microsoft IT Academy which gives students an opportunity to complete a Microsoft Office Specialist (MOS) certification. Furthermore, multiple Advanced Placement classes are offered to students.

In addition to the HSB Academy, Silverado offers Career & Technical Education (CTE) programs in Culinary, Digital Photography, Early Child Education, Forensic Science, Graphic Design, Sports and Entertainment Marketing, Tech Theater, and Video Productions. Students who successfully complete the three year sequence of classes in any of the programs may receive certification as well as college credit.

Silverado is on a 4x4 Block Schedule, which means that students get to take a total of eight classes, as opposed to six that most other schools offer. This allows students to enroll in multiple electives, as opposed to having to pick just one. Additionally, the block schedule allows students to receive additional enrichment and/or assistance that traditional six period day schools simply can't offer.

Special Features

- On-Line/Blended learning classes are offered via CANVAS Learning Management System.
- Over 50 extracurricular clubs & activities, such as Be Kind, FBLA, Forensics, Key Club, Interact, Multicultural, National Honor Society, Peer Tutors, Scholar Athletes, Skills USA, Speech & Debate, and Student Council.
- School wide 1:1 capable wifi connectivity. Over 10 computer labs, multiple iPad, laptop and Chromebook carts.
- Opened a Jobs for America's Graduates (JAG) program to provide career and college assistance not only during high school, but up to one year after graduation.
- Algebra I students have 24/7 take home access to iPads. The textbook is embedded in the iPad and includes video links for each concept.
- Silverado offers a comprehensive athletic program and performing arts groups in band, choir, and orchestra consistently receive superior ratings at CCSD music festivals.
